## QUESTION

I canceled my software subscription, but would now like to restart or reactivate it. How can I do this?

## ANSWER

You can reactivate your subscription through your account up until the subscription's expiration date (end of the billing cycle).

If your subscription has expired, you can start a [new subscription](https://www.chiefarchitect.com/products/home-design/premier/) (<https://www.chiefarchitect.com/products/home-design/premier/>) or [contact our Customer Service team](https://www.chiefarchitect.com/company/contact.html) (<https://www.chiefarchitect.com/company/contact.html>) to restart your existing subscription.

**Note:** If you're using a legacy license or legacy rental, the available reactivation options may vary. Please [contact our Customer Service or Sales team](https://www.chiefarchitect.com/company/contact.html) (<https://www.chiefarchitect.com/company/contact.html>) to discuss these options further.

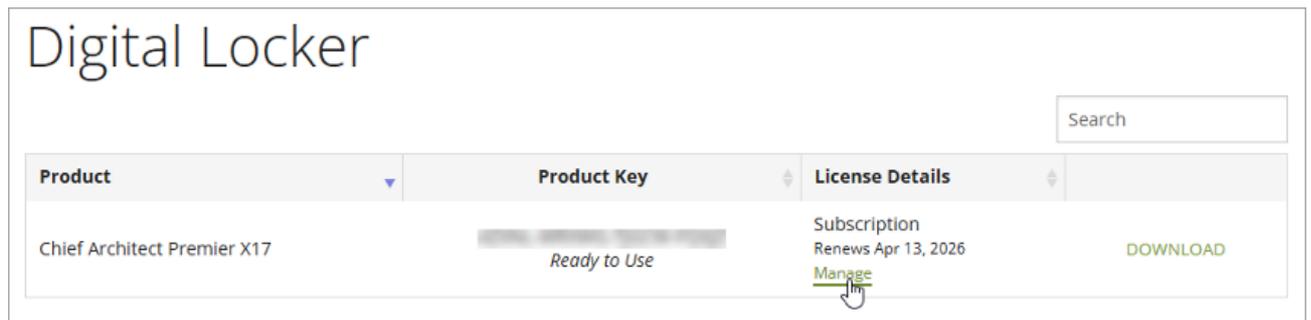

## Reactivating a canceled subscription

1. Click on [My Account](https://accounts.chiefarchitect.com/) (<https://accounts.chiefarchitect.com/>), sign in to your account,

then click on Digital Locker: Downloads, Product Keys & License Management (<https://accounts.chiefarchitect.com/digital-locker/>).

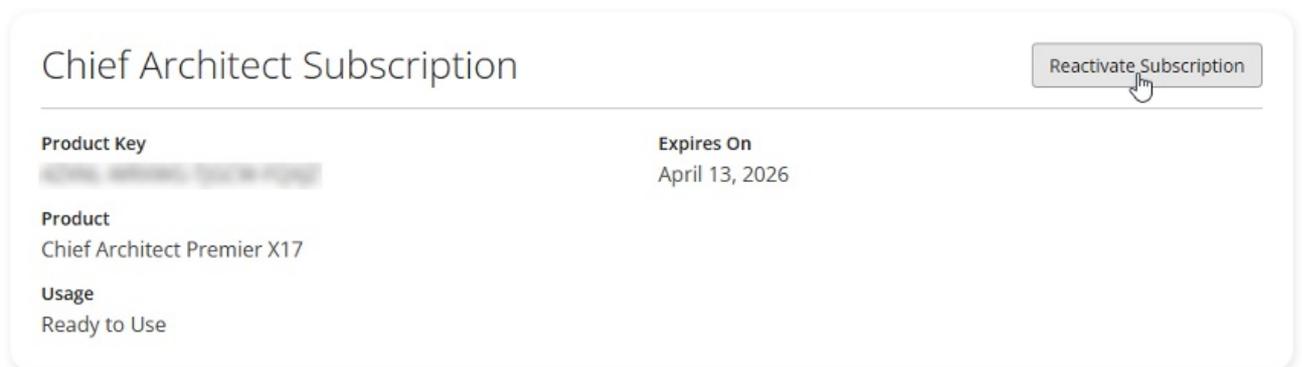

2. Within your Digital Locker, click on the **Manage** link associated with your license.

If this option is not available, the subscription has likely been canceled and has expired. If you believe that this is not the case or require further assistance, please contact our Customer Service or Sales team (<https://www.chiefarchitect.com/company/contact.html>).

3. Click **Reactivate Subscription**.

If you don't see this option, the subscription has likely expired. Please contact our Customer Service or Sales team (<https://www.chiefarchitect.com/company/contact.html>) to restart your subscription or purchase a new, separate subscription.

4. Note the details that are shown, select your desired **Payment Method**, then click **Continue**.

**Note:** If you receive a message stating "Something went wrong. Please try again..." after entering your billing and payment information, double-check that all of your information has been entered correctly, then try again.

Submit this form to reactivate your subscription.
